1 SN41S5 stapling a small wine crate
2 SN32-590W stapling carton to pallet on hard-to-reach spots
3 FSN190 securing deck boards to pallet racks on a machinery crate

No two items have the exact same crating requirements, thus building crates requires years of crating experience to ensure the right approach is used on each individual crating and shipping project. Whether you are building small crates that require an [SN41S5](#) stapler or even larger machinery exporting crates that require a big [FSN160](#) 6-1/4" (160mm) nailer, we've got the entire range covered. Everwin has introduced an industrial lineup of crating solutions for the dedicated professionals capable of creating all kinds of unique shipping solutions.

OFFICIAL PRESS RELEASE

We've included a crating tool recommendation chart that would help you choose the right nailer/stapler for the job. Our lineup comes with a host of practical and upgraded features such as the industrial type depth-adjustment feature on the PN65M-D, which provides both convenience and the durability needed to survive industrial work settings. When it comes to those hard-to-reach spots, especially when stapling cartons to pallets we carry a special 32mm Walking Stick Stapler, the [SN32-590W](#).

Here at EVERWIN, we strive in providing the crating industry with the most effective tools for building crates faster and keeping them together stronger. When combined with typical screw nails, we can increase its holding power and still make ease of disassembly with our industrial pneumatic screwdriver - [EWS-589](#) . We can ensure that with a combination of our crating tools and your manufacturing expertise, your precious cargo will get where it's going safely. Have a detailed look at our crating solution line up here at [Everwin Crating Tools](#).

About EVERWIN PNEUMATIC

EVERWIN® was founded in 2012 by a group of American and Taiwanese pneumatic tool experts, each boasting decades of experience and success in the world of pneumatic fastening. They founded the company with one shared goal in mind— to “build a brand the fastening industry can rely on for consistency and efficiency”. EVERWIN quickly garnered recognition as a premier brand for industrial fastening tools. With strong roots in the industrial market, EVERWIN has a different take on construction nailers and staplers from most price-driven manufacturers today; and with a touch of innovation, its 2017 and 2018 product introductions earned EVERWIN back-to-back Pro Tool Innovation Awards.
