## Message from our President

Last month we cheerfully celebrated our 10-year anniversary. A decade's worth of focused service, commitment to quality, and a holistic workplace environment. As we have grown, we have never forgotten the customers, employees, partners, and the community that allowed us to become who we are today.

EVERWIN strives to keep a harmonious relationship with society and the environment while maintaining our perfection in toolmaking. With the additional resources EVERWIN possess, we give back to this world in hopes to make it a better place.

We seek a balanced sustainable profitability to fulfill our responsibility to both our shareholders and stakeholders.

We work closely with our suppliers on the environmental impact of raw materials, we create a work environment that validates our employees, and we cater to the voices of our customers, all while we strive to build the community which built us.

Integrity is how we have grown, and it is the bedrock to how we will move forward.

To another 10-years of tool-making, we will continue to make everyone win.

---

Lester Chuang

President of EVERWIN PNEUMATIC CORP.
