

2016 Koln Hardware Show

Koln Hardware Show, the 50 year old exhibition attracts 2,670 exhibitors from 55 countries. Approximately 44,000 trade visitors from 124 countries in the middle of a conurbation with 21 million inhabitants.

As an up and coming young brand, EVERWIN made a splash at the 2016 Koln Hardware Show.

Quoting from a trade visitor *"A dedicated industrial nailer manufacturer such as EVERWIN is what true professionals really need."*

It is safe to say that the EISENWARENMESSE is still THE meeting place for all manufacturers, distributors, purchasers, multipliers and decision-makers of the hardware industry. And we will surely see you there again in 2018.
